Varun Chauhan

Professional Website & Graphic Designer | Creating Engaging Digital Experiences
Delhi, India

Summary

Hi, I'm Varun Chauhan — a passionate Website & Graphic Designer who thrives on creativity and collaboration.

I specialize in designing responsive, user-friendly websites using HTML, CSS, Bootstrap, and WordPress. For creating engaging visuals and digital content, I work with Photoshop, Illustrator, and CorelDRAW.

Currently, I work as a Web Designer at Kairali Ayurvedic Group, where I contribute to impactful web and brand design projects.

I've recently started integrating AI tools into my workflow — from idea generation and design automation to improving efficiency and content creation.

My goal is to learn something new every day, and use technology to solve problems creatively.
